About our Experienced Teaching Faculty Members :

1. Prof. Shailesh Kulkarni : Founder & Director of 'KULKARNI'S CLASSES'. He has a vast teaching Experience of 27 years (Since 1991 he is in teaching field). He Completed B.E. in Electronics Engg. in 1990, from K.J. Somaiya College of Engg, Vidyavihar. After working in teaching field for 3 years, he started his own Coaching Classes in 1993 in Dombivli. He has handled various subjects of Engg, like Digital Electronics, Microprocessors, Engg. Mechanics etc. But his specialized subject is Mathematics. Since 1993, he has handled uncountable no. batches of Mathematics. He has taught for Degree Mathematics I, II, III, IV & V. Most Effective manner of teaching, Dedicated & Full-fledged Coaching and Coverage of Maximum no. of Examples in the Classroom itself are the specialties of his Coaching.

2. Mrs. Minal Kirtikar : She has completed B.E. in Electronics Engg. in 1995. Since 1996, she is working with KC. She handles various subjects like BEE, Electrical Circuits & Networks, Industrial Electronics etc. She has handled various batches of BEE & She is a Famous name for this subject. As per Student's opinion, Madam's Detailed Coaching of the subject has made their Concepts Crystal Clear, which are useful even in higher semesters.

3. Prof. Hemant Bhalla : He has completed M.E. in COMP in 2015. Since 2001, he is working with KC. He handles various Programming subjects, like Structured Programming Approach (SPA), Data Structures, Object oriented Programming & so on. He Covers Maximum no. of Computer Programs (with all types) in the Classroom itself. He also handles subjects like Analysis of Algorithms, Operating Systems, Computer Graphics etc. for higher Semesters.

4. Prof. Deepak Kulkarni : He has completed M.E. in EXTC in 2006. Since 2002, he is working with KC. Initially, the subjects like Physics & Chemistry are found to be easy, but they are actually difficult to Clear in University Exam. His simplified but very effective coaching make the subjects really interesting & scoring for the students. He also handles various subjects like Digital Logic Design, Microprocessors, Embedded Systems, VLSI etc.

& Many More Professors who handle various subjects of different Branches of Engg...

Engg. Facts

1. Engg. Syllabus is Conceptual & Application Oriented. It needs Complete Understanding of Subject.
2. Question Papers can be twisted & Paper patterns can change (Especially in Mumbai University). Paper checking can be tough. **Average passing percentage is only 35-40% in FE (Mumbai Univ).**
3. For proper Concept Clearing, it is advisable to join with at least 6 Imp subjects, which are Core Subjects of Engg.
4. **Getting Detailed Coaching from Experts is Essential for a Bright Future. Both knowledge & Academic Progress are required for a Successful Career. Just passing Subjects is not Enough.**

Select your Coaching Classes based on these factors.
